

Dear Parents & Students,

A warm hello! Its summertime and Myriad is happy to announce its week-intensive workshop in Creative Writing & Grammar Skills!

The weekly workshop takes a student-centric approach to creative writing, offering a range of strategies to help him/ her develop as a writer. Students are encouraged to express themselves, to use their heightened awareness of language for greater effect and to translate an imagined world onto the page. It involves playful but rigorous work with language and leads to a more profound appreciation of a text.

The workshop is suitable for aspiring writers of all levels and abilities and for anyone with a strong interest in reading and writing, who would like to polish their skills.

Creative writing when clubbed with Grammar Skills aids English language development at all levels: grammar, vocabulary, phonology and discourse. It helps learners to manipulate the language in interesting and demanding ways in attempting to express uniquely personal meanings. In doing so, they engage with the language at a deeper level of processing than with expository texts. There are gains in grammatical accuracy, linguistic growth, choice of vocabulary, sensitivity to rhyme, rhythm, stress, intonation, and more.

There are timed exercises that encompass playful engagement with language, stretching and testing its rules. If you are taking Myriad's workshop for the first time, be prepared for surprises and if you are a return student, be prepared for newer surprises!

Happy Writing!

Sarika Singh
